

*RCARO Workshop on Enhancing Strategic Goals of RCARO
10~12 July 2012, Jeju Island, Korea*

Future Directions of RCARO

In-Seok OH
Head, Programme Division
RCA Regional Office

CONTENTS

- Introduction
- Strength
- Weakness
- Future Directions of RCARO

Introduction

- RCARO has been doing successfully its activities for promoting RCA's Awareness, nuclear knowledge preservation and enhancement of partnership. RCARO has also built up its experience and knowledge during the last decade.
- Recognizing the successful operation of RCARO, it is suggested to increase it's role to contribute to MSs in a more practical and direct way

Introduction

- The most important activities in RCA programme are to perform the projects.
- For the successful implementation of the project, it is necessary to provide professional and systemized support for project planning, management as well as evaluation.
- Since RCARO owns established project database, human resource for project planning, it can take a proactive role for implementation of the RCA project.
- It is necessary to expand the role of RCARO, thus need a paradigm shift for RCARO's proactive participation in RCA Project.

Strength of the RCARO

- Holding of personnel to support administrative tasks and funding resource
- Possession of knowledge and information(RCA data base) to maintain the task continuity
- Possession of administrative capability to easily gather(invite) and utilize the experts of various fields

Weakness of the RCARO

- While having an excellent administrative capability, it is lacking in technical expertise related to the RCA projects
- Frequent change of human resources, i.e. term of Director and programme manager
- Limited to carry out the role of RCARO mandated by the MSs through the absence of legal status

Future Directions of RCARO

- Expanding RCARO 's role related to the RCA activities gradually
 - Participating in RCA project planning, management and evaluation.
 - Act as a thematic coordinator of the RCA projects
- Enhancement of Partnership Project
 - Promote partnership development by establishing efficient and appropriate mechanism
 - Develop partnership project by means of expanded participation of RCA experts

Future Direction of RCARO

- Government's commitment to the RCARO for securing human resources and budget resulted from the expansion of RCARO's role
- Clarifying the nature of RCARO, i.e. legal status, in order to perform the role of RCARO without difficulties
